TOWN AND COUNTRY.
She does not need the abba car,
Which goes with speediness;
She cares not for the trolley wire,
Whose voltage is immensity.
The old excursion steamer brings
No terror to her brow,
But when she's in the country she will run
Across acres of ground and stimb her wheels
To escape the affable, though
Inquisitive, gaze
Of an aged, docile cow.
—Washington Star.

Mr. Clay, who is Mr. Hardin's competitor for gubernatorial honors, was not expected. So Hardin just fairly "turned himself loose" in the argument of facts and figures, and as he had scraped the sky of its most brilliant stars and was clinging with both hands over his spell-bound auditors, Mr. Clay arrived. His presence caused the immediate collapse of the Hon. P. W. Hardin's performance, and thenceforward he was like a bladder that had been successfully tramped on.

As near as can be learned about 2,000 people attended, all of whom were handsomely entertained by the Brookvilleans.

Yesterday was a great day at Brookville.

The pretty little village was overrun with Democrats, who had been drawn there by posters announcing that a whole caravan of speakers would be on hand. Indeed, the Cincinnati Post of last evening said that Governor John Young Brown, ex-Governor McCortney, Hon. Ben E. Row, Senator William Lindsey, Senator Jos. C. Blackburn, R. H. Elliott, T. H. Payner, Cassius M. Clay and W. C. P. Breckinridge were actually present, and spoke, when the truth is that only three of those named were there—Messrs. Blackburn, Clay and Payner, each of whom, with Hon. P. W. Hardin, spoke their little speeches.

protestants that he fired at the late Federal Election Law failed to elicit the slightest ripple of enthusiasm. Then he went wandering through a fog of "glittering generalities" about the bad McKinley Bill and the good Walker Bill and the good Morrison Bill and the good Mills Bill and the good Wilson Bill and the good Senate Bill—and perhaps he thought of bad Breckinridge Bill!

The Senator declared himself an out-and-out Free-trader and pronounced in favor of free silver and free everything, which should win the everlasting support of Craddock.

At the conclusion of the Senator's apology Congressman Payner was imprudent enough to respond to a call, while would-be Congressman Hart showed good sense by declining to speak.

Altogether yesterday was a great day for Democratic talk.

WEEKLY REPORT.
The Condition of Kentucky's Crops Up to Tuesday.

The average temperature of the week was very near the normal for the season. Scattered showers fell during the early part of the week, appearing to have been heaviest and most frequent in the Eastern and Northern sections of the state. These conditions were generally beneficial to all crops still in the fields and were highly favorable to the progress of farm work. Much fall plowing has been done and the sowing of wheat has commenced with indications that a large acreage will be planted.

Great progress was made during the week in the cutting of tobacco, and the early planted portion of the crop is nearly all housed in good condition. The backward weather early in the season caused many fields to be set very late and it is probable that they will be exposed to damage from frost before maturing. Nearly all reports agree as to the fine quality of the crop, but the acreage appears to be less than that of last year.

Corn is maturing very rapidly and in many sections cutting has commenced. The work will be under full headway during the coming week. The crop is very heavy in the river bottoms, but is rather light in the upland districts.

Fall pastures are reported to be generally fine and in consequence live stock is in excellent condition.

Late potatoes promise a good yield.

The weather prospects for Kentucky for the next 48 hours are for generally fair with slowly rising temperature after Wednesday morning. Light frosts in exposed places are indicated for Wednesday morning.

SIXTH DISTRICT REPUBLIC.
Sen. Samuel J. Pugh Entertains Them in Harrison County.

Monday was the most eventful day in the history of the Republican party in the old rock-ribbed county of Harrison, and Republicans are jubilant, while Democrats are correspondingly depressed.

Hon. Samuel J. Pugh, Republican candidate for Congress, was billed to speak there, and when it was known by the Democrats they clamored for a division of time, and the Republicans readily agreed to give Hon. R. K. Hart, Democratic nominee, all the time he might want; but, to their utter amazement, the Democrats did not want Mr. Hart to speak, but proposed they should divide the time with Senator Lindsey.

The Democratic majority very properly refused to do so. The Democrats advertised that Senator Lindsey would speak at 11 o'clock, the Republicans having had the Courthouse engaged for 9 p. m.

When the hour arrived for the Democratic meeting Senator Lindsey had not materialized and Judge J. Q. Ward of Paris was prevailed upon to undertake the hopeless task of jollying up a very small houseful of very blue Democrats.

Long before the hour for Mr. Pugh to speak the house was packed, and Mr. Pugh spoke for an hour and a half to a most appreciative audience, many of whom were Democrats, who are unable to see the wisdom of the course he has followed by the beer for Mr. Pugh to take their sugar and place their wool on the free list. It was a banner day for Republicans, and unless all signs fail Samuel J. Pugh will occupy the seat that Tom Taylor has vacated in the chair of the chair of a few sapling Democrats.

THE present New York delegation in Congress stands 20 Democrats and 14 Republicans in the House, with both States Democratic. But just what the November frost lights on the Democratic perimorphism path.

IN his recent speech at Indianapolis ex-President HARRISON said: "We are told that the rich are getting richer and the poor poorer, and so to cure that imaginary ill our political opponents have brought in a time when everybody is getting poorer."

IT is said now that Queen Lili, the dusky demagogue who has lost her throne in Hawaii, is going to see UNCLE SAM for \$500,000 for breach of promise. GROVER promised to give her throne back to her. Don't see, Lili; even UNCLE SAM'S strong box can't stand it in these good Democratic times.

THOMAS HALL thinks that by the 1st of November Kentucky will resume payment. Kentucky is Democratic, we believe; and we believe she is the only state in the Union that has suspended payment. "Virtue is its own reward" - "E Pluribus Unum" - "I'm-sic-sic-sic" - "McGinnis" - or words to that effect.

EX-PRESIDENT HARRISON has a way of compromising great chunks of wisdom into a very small space. One of his recent utterances is - "We are told that the rich are getting richer and the poor poorer, and so to cure that imaginary ill our political opponents have brought in a time when everybody is getting poorer."

"PUGH falls out as a Congressional quality even among Republican newspapers. THE MAYVILLE PUBLIC LEDGER is not paying the air in the interior of PUGH, and remarked the other day that when the race is ended the question will be asked: 'Was PUGH running for Congress?' - 'Dover News.'

You not only misquote, but in the language of BRER MANU, you fail to "catch on." The "coupling" of our remark, "Did PUGH run?" finds its counterpart in the query, "Did MOORE run?" which was a conundrum that threw the Democrats into such a stage fright a few years ago that they have not yet been able to answer it.

SOME Democrats appear to be much disgusted because "Professor" HILL-BILLY Wilson of West Virginia, author of the Hill Wilson Tariff Bill, accepted an invitation to eat pudding and drink 'alf with the British Board of Free-trade. And there was present one ISADOR STRAUSS, a gentleman from Jerusalem, whose home is in New York and whose business is that of importing British goods into the American market to drive out the goods made in America. And then it is said that Mr. STRAUSS paid Mr. WILSON'S passage to London and is paying all the expenses of his trip. But of such is the modern Democratic Tariff Reform Free-trade.

THE foreign insurance companies doing business in Lexington have recently advanced the rates in that city about 50 per cent. Mayor DEAN proposes a remedy if these rates are persisted in. He recommends that a sufficient tax be imposed on the insurance companies to pay the entire cost of the Fire Department, which was \$22,530 in 1903. The suggestion is a good one, and THE LEDGER urges our City Council to take the matter under consideration here. The fire losses in Mayville for ten years past will hardly equal the premiums paid in any single year. The "Insurance Trust" is the boss robber of the age.

EXAMINATION of the new Democratic Tariff Law at the Treasury Department discloses the fact that it contains no provisions whatever for a duty upon imported fruits, preserved in brandy or other spirits. The omission was not discovered until an application was received from a large importer of such goods for information as their classification under the present Tariff Law. Under the McKinley Law, "fruits preserved in spirits" were subject to a duty of 35 per cent. ad valorem. The question of the classification of these goods under present conditions has not yet been determined. It is probable, however, that the Department will decide that the best way out of the dilemma is to assess duty upon the spirits and the fruits separately, according to the rate provided for each in the Tariff Act. The preserving of fruit in this manner is an extensive industry, and the importations of such fruits, especially branded peaches, is very heavy. In case the Department decides to assess duty on the spirits as well as on the fruits, the duty will be higher than it was under the old law.

Buy American Goods Only!

If every patriotic American will purchase American goods only for his consumption he will lessen the disastrous effects of the Free-trade German Tariff Bill. THE LEDGER invites all to join in such a movement, and to sign the following pledge:

I hereby pledge myself to buy American goods only, whether of the farm, mine or factory, and to use my influence to have others do the same.

SENATOR HILL.

The Saratoga Convention Nominates Him for Governor.

He Will Probably Not Refuse, as the Demand Was Emphatic.

Daniel M. Lockwood Nominated for Lieutenant Governor, and Wm. J. Gaynor for Associate Justice of the Court of Appeals - The Platform.

SARATOGA, N. Y., Sept. 27.-David B. Hill will be elected governor of the empire state this fall. The convention, which started in to carry out the wishes of the party leaders, broke away from all control, and amid scenes of the wildest excitement, nominated its chairman in place of himself. The ticket named is as follows:

For Governor - David B. Hill.

For Lieutenant Governor - Daniel M. Lockwood.

For associate justice of the court of appeals - Wm. J. Gaynor.

Senator Hill did not accept, but as he did not decline the democracy has as its standard bearer the man who has twice carried the state by majorities and has added to his laurels by his career in the United States senate. The rank and file of the party have called him to lead them in this, the critical year, and he will accept.

Delegates who entered the hall with apathy written on their faces went out with smiles and hugged each other for joy. On all sides the verdict was: "He has never nominated a stronger ticket."

Outside the hall, within fifteen minutes after the nomination, a vendor appeared, with pink silk badges having on their face a portrait of Hill and this inscription:

"DAVID B. HILL AND VICTORY."

A speculator purchased 3,000 of these badges in Chicago in 1902, where they were not required. He sold 2,000 of them Wednesday at twenty-five cents each inside of an hour after the convention adjourned.

There is considerable doubt as to Judge Gaynor's acceptance of the nomination for the judgeship, but the leaders here are confident that, like Senator Hill he will bow to the will of his party.

Senator Hill spoke as follows on being serenaded here Wednesday evening:

Fellow Democrats and Gentlemen - For this generous reception, and the compliment of this serenade I tender you my sincere thanks. This demonstration is a part of the unexpected events of a day which to me has been one of unbroken surprises and embarrassments. The action of the democratic convention, which is the action of the party, and which was as unforeseen as by myself, imposes responsibilities and obligations of which I can not speak to-night, unwilling as I was to receive the honor which the convention in place of my modest, has sought to confer upon me. I am deeply touched by the unusual manifestation of confidence and esteem which accompanied the action of the convention, and to-night I can only express in feeble language a small part of the gratitude which I feel for the democracy of New York. As I come to the fore, I hope to express my full length upon the issues involved in this most important campaign. I renew my thanks for the demonstration and bid you good night.

The platform adopted earlier in the day was long. President Cleveland's "honest and high ideal" was heartily endorsed and the earnest support of the party was pledged him. The McKinley Bill was denounced, and the country was congratulated upon securing relief from its exactions and upon the restoration of business that followed its repeal. A fair trial of the new tariff law was pleaded for and its superiority over the McKinley Bill was dwelt upon. It did not represent the perfect idea or expectations of the past, however, and future legislation to correct different features of it was recommended. The income tax feature was declared to be a gross error, and the action of Senators Hill and Murphy in connection with it was denounced. It congratulated the country upon the repeal of the purchasing clause of the Sherman law and declares for "honest money," claiming that by this repeal a constant party between gold and silver can be maintained.

On state issues it attacks the republicans at every turn. It denounces the extravagance of sending them out, declaring that they have failed to do anything worth while.

Law and order at Pittsburgh.

PITTSBURGH, Pa., Sept. 27.-The new law and order society, which is to be known as the Allegheny County Vigilance league, has perfected its organization and is ready for business. A constitution and by-laws, formulated on the 15th and laid out by Rev. J. J. Parkhurst, of New York, were read and an executive committee, composed of twenty-five members, was appointed. About three hundred well-known business men, members of different denominations, and some ladies were in attendance at the organization meeting.

Tracy and McCarthy Matched.

NEW ORLEANS, Sept. 27.-Messrs. W. H. Chapman and Louis Lemay, candidates between Tom Tracy, Cleveland, and brother and trainer, and Billy McCarthy, the Australian, for a 35-round fight, with a draw as the prize, the Madison Athletic club, opposite St. Louis, on the Illinois shore. The purse to be \$5,000 to the winner and \$500 to the loser.

NOTHING TO SAY.

President Cleveland Does Not Express Himself on Hill's Nomination.

BREKIDAY, N. Y., Sept. 27.-President Cleveland was in anything but an unhappy frame of mind, so far as surface appearances went, yesterday night, when an interview was sought upon the nomination of Senator Hill by the New York democratic state convention. Mr. Cleveland was seated upon the veranda at Gray Gables, just as the sun was sinking in a myriad of brilliant hues below the Warham mountain. The president smiled good naturedly when spoken to, and the conventional greetings were passed. He gave nothing to say upon the result of the convention? Mr. Cleveland was asked.

He reflected a moment, as a look, a soberer, fitted across his face, and replied:

"I have nothing to say; I have left politics behind." And with this he disjoined his subject.

Others sought to get some expression of opinion from the president last Wednesday night, but it was admitted that he was not in a position to say on that mission that nothing further than this statement was secured.

Mr. Cleveland did not intend to signify that he had lost all interest, or it was not in a degree with what is transpiring in the political world, it was afterwards explained, but that he has isolated himself here so completely that it is inconvenient to keep in touch with current events, only infrequently reading a newspaper and not attempting to keep well posted.

DOUBLE LIFE.

J. B. Caven, the Railway Man of Cleveland, Found Murdered, Discovered to Have Lived Here.

CLEVELAND, O., Sept. 27.-Investigation by detectives and newspaper men has developed the fact that J. B. Caven, the general agent of the Valley railway, who was murdered Tuesday, led a dual life. His family and friends believed that he was a man of high character, and great surprise was expressed at the finding of his mutilated body in one of the most questionable parts of the city.

The developments show that Caven was by no means a stranger in what is known as the tenderloin district, several persons having been found who have seen him there frequently. He is now known to have had a mistress several months ago on a shady street not far from where his body was found. The woman has disappeared, and the police are looking for her. There is no doubt that there was a woman in the case, and the police are working on the theory that Caven was murdered by a jealous husband or lover. The body of the murdered man was taken to Pittsburgh for burial Wednesday in a special car.

FRENCH-EVERSOLE FEUD.

Another Victim in the Person of Judge J. C. Combs, Who is Assassinated.

PRIVILEGE, Ky., Sept. 27.-The famous French-Eversole feud has been revived. Letters received here Wednesday morning announced that Judge J. C. Combs, father-in-law of J. C. Eversole, was shot down and killed at his home at Hazard, Perry county, on last Sunday morning at 7 o'clock. The assassin was hiding in a place of cover across the village road from the judge's house.

Judge Combs was standing in his yard talking to friends when the shot was fired. The bullet struck him in the heart. Judge Combs was 55 years old, a native of Kentucky. Two attempts were made to assassinate Judge Combs last year, but they were unsuccessful.

It is probable that this murder will start the feud afresh. Perry county is remote from railroad and telegraph lines. The French-Eversole feud from first to last has cost over \$100,000.

Don't Take Figures.

COLUMBUS, O., Sept. 26.-Auditor of State Poe has completed tabular statements showing the revenues derived in 1904 from the State Treasury. There are 9,818 saloons in the state, and the total revenue is \$2,660,854.38. Hamilton county is credited with 1,701 saloons, yielding \$275,363.30 revenue. Another table shows that there are in this state 1,030 deaf and dumb persons, 1,500 blind, 1,314 epileptic, 200 epileptic insane, 1,733 insane and 1,490 idiots. Hamilton county has 135 deaf and dumb persons, 91 blind, 29 epileptic, 10 epileptic insane, 90 insane and 68 idiots.

Ohio Democratic Executive.

COLUMBUS, O., Sept. 27.-The democratic state executive committee met here Wednesday afternoon and selected Henry Anthony, of Ashtabula, vice chairman; Col. W. A. Taylor, secretary, and John A. Barber, of Columbus, treasurer. The plan of campaign was not discussed, the business being of a purely routine character.

The Saved Her Baby.

AKRON, O., Sept. 27.-Mrs. Ann Palmer, aged 35, died Wednesday morning, having been severely injured by a gasoline stove. Mrs. Palmer's dress caught fire from the flames, which threatened the crib in which her baby lay. She saved the child's life at the sacrifice of her own.

Passed Caldwell.

COLUMBUS, O., Sept. 27.-Gov. McKinley Wednesday issued a proclamation for the election of a congressman in the Second District of Ohio. John A. Caldwell, resigned. The special election is to be held at the same time that the regular November election is to be held.

Woman Fatally Burned.

ZANESVILLE, O., Sept. 27.-While Mrs. Charles Carey was making apple butter over an open fire last evening, her hair caught fire from the flames, which threatened the crib in which her baby lay. She saved the child's life at the sacrifice of her own.

Creedon Outwitted.

NEW ORLEANS, Sept. 27.-Fitzsimmons had no trouble in defeating Dan Creedon Wednesday night, knocking him out in the second round. Creedon was badly hurt, and was never heard of in the battle.
